A high quality renovation has taken place on this unique property situated within a beautiful garden. The Mediterranean architecturally styled main house comprises three apartments and a separate guest house provides a further two apartments. Each apartment offers a "boutique hotel" style with a living area, kitchen and bathroom. Plenty of space surrounds the swimming pool and there are several terraces both covered and open, ousing with character, and suitable for outdoor living and dining. There is a small beach just 2 minutes walk away which is accessed via a pathway directly from the property.

A rare opportunity to acquire a property suitable for multi purpose living.

Highly recommended for viewing to appreciate the diversity of this property.
